Building Accessibility

The Colorado Trust's goal is to ensure accessibility to our building in Denver for all visitors. After reviewing the information and photos below, if you would like additional information or assistance, please contact Patricia Maynes at patricia@coloradotrust.org or (303) 837-1200.

The Trust has an entrance on 16th Ave. between Sherman and Grant streets that is accessible by a ramp. (If you are using a mapping application or website, the best address to enter is 225 E. 16th Ave., Denver, CO 80203.) A diagram/map of the ramp location in relation to the rest of the building and adjoining complex can be found at the end of this document.

This entrance is locked for security reasons. In such a situation, please utilize the call box located at this entrance to dial the appropriate Trust staff member in order to gain access to the building.

The Trust does not provide parking to visitors. The closest accessible parking lot is directly across the street on 16th Ave. There is limited handicap parking on the street directly in front of The Trust's building.

The Trust has accessible restrooms located on the main floor and basement level of the building.

All three levels of The Trust's building are accessible from the elevator in the main lobby.
