

A Health Equity Foundation

### The Colorado Trust Health Equity Theory of Change

#### **STRATEGIES**

- Policy & Advocacy
- Community Partnerships
- Data & Information

## INTERMEDIATE OUTCOMES

- Policy options are researched, developed and implemented to support health equity.
- Data systems and routine monitoring of health inequities are put in place; more effective policy and programs are developed.
- Communities have the ability to organize all groups and act in a manner that promotes and realizes health equity.

# LONG-TERM OUTCOMES

Reduce disparities and improve social determinants of health affecting vulnerable populations.

#### **VISION**

All Coloradans
have fair and equal
opportunities
to lead healthy,
productive lives
regardless of race,
ethnicity, income
or where we live.
